 These drawings are conceptual only and are for the convenience of reference. They should not be relied upon as representations, express or implied, of the final detail of the millwork. Units shown are examples of unit types and may not depict actual units. Stated square footages are net for a particular unit type and are measured to the exterior boundaries of the exterior walls and the contribution of exterior decking walls and in fact vary from the area that would be determined by using the description and definition of the "Use" set forth in the Declaration, which generally only includes the interior stripes between the perimeter walls and includes interior structural components.
